

## Technical sheet

<b>article:</b>	<b>felt</b>
<b>typology :</b>	molton
<b>description:</b>	<b>characteristics</b>
composizione	100% virgin polyester
final weight	900 gr/mtq
thickness	9 mm.
softening point	210° C.
melting point	230° C.
weave	garfish

### note

characteristics may change among commercial tollerance.

during daily use could appear a progressive shrinking

does not contain lead, hexavalent chrome, mercury, Biphenyl polybromide, cadmium, Phenyl ether polybromide,  
in conformity with guideline 2000/53/CE - RoHS
