

Technical sheet

article:	felt
typology :	molton
description:	characteristics
composizione	100% virgin polyester
final weight	900 gr/mtq
thickness	9 mm.
softening point	210° C.
melting point	230° C.
weave	garfish

note

characteristics may change among commercial tollerance.

during daily use could appear a progressive shrinking

does not contain lead, hexavalent chrome, mercury, Biphenyl polybromide, cadmium, Phenyl ether polybromide,
in conformity with guideline 2000/53/CE - RoHS
